Group Platters & Buffets

Taco Bars & Cantina Buffets

Build a casual group meal around tacos, with fillings, toppings and sides selected with our team. A buffet or station keeps food planning together for your corporate gathering, birthday or game-day event.

Jumbo Wing Platters

Plan shareable wing platters for your fan group or party. Confirm sauces, quantities and the number of guests each platter will serve in your catering quote.

Sliders for the Group

Ask about slider selections for a mixer, birthday or company celebration. The team will confirm the menu, portions and service arrangement for your event.

Chips & Dips

Bring the table together with chips and salsa, guacamole or queso. Add them to your group platters or discuss a chips-and-dips station for your gathering.

Pricing & Headcounts

Catering and bar packages are quoted for your event. Share your estimated headcount and budget so the team can recommend quantities and a service format. Your itemized quote confirms menu selections, platter serving sizes, any minimum order or event spend, service duration, staffing and the total price, including applicable taxes and fees.

Bar Packages & Drink Options

Discuss your preferred drinks, service period and dedicated private bartenders with our team. The included beverages and staffing are confirmed and priced in your quote.

Need to Know

Dietary accommodations: Gluten-free, vegan and vegetarian options can be offered. Share dietary needs and allergies before finalizing the menu so the team can confirm suitable selections and preparation. An allergen-free environment is not guaranteed.

Headcount: Your final guest count is due seven days before the event. Later decreases do not reduce the price, and additional guests are charged.

Food coordination: Hideaway coordinates catering for on-site events. Plated seated meals are not offered. Guests cannot independently hire a caterer or bring outside food. Cakes and desserts require advance approval; a \$15 cake-cutting/utensils fee applies.
